ABOUT ME

I am currently pursuing a B.Sc. in Computer Science and have completed a certified UI/UX Design course. I have designed a simple learning application as part of my UI/UX project and possess knowledge of user research, wireframing, and basic design principles. Currently, I am learning HTML and ASP.NET for web development and application building. I am passionate about UI/UX Design and Front-End Development, with a strong interest in creating user-friendly and interactive digital experiences. As a quick learner, I am eager to enhance my technical skills and seeking opportunities to begin my career in the IT industry.
